Completed forms can be mailed to:

ATTN: Ryan Mitofsky

Burlington Partnership for a Healthy Community

P.O. Box 1353, Burlington, VT 05402

OR e-mailed to: ryan@burlingtonpartnership.org

What are the “Roots of Prevention” Awards?

Our theme: “Starting out as little seedlings it is hard to envision the grand forest that young trees will someday become. Each individual tree focuses on growing strong roots and supporting the limbs and leaves they contain. As they reach for the sunlight the gaps between them continue to lessen. Together the forest is stronger than any one individual tree. It provides the perfect environment in which others can flourish.”

Our awards are to honor individuals, programs, or organizations that have created or supported activities, events, or opportunities related to substance abuse prevention that positively impact the Burlington community. The awards are presented in an annual Spring ceremony.

Business Award: A Burlington business that contributes to the overall success of substance abuse prevention and health and wellness in the community. Some examples: a local bar or restaurant that works to follow alcohol laws regarding not selling to anyone under the legal age, over-serving and makes an effort to provide its patrons with incentives for being the “designated driver” or offer safe rides home. Or a local retailer who works to keep their staff regularly trained regarding alcohol and tobacco laws and consistently passes Dept. of Liquor Control compliance checks.

Organization or Individual Program Award: An individual or an organization who has contributed to creating a healthier environment in Burlington through their efforts in creating or supporting a program, an activity or opportunity for Burlington residents and visitors.

Youth and Families award: An individual, a program or an organization who has created or supported the youth and/or families of Burlington in a way that has a positive impact on substance abuse prevention.

D.G. Weaver Award: The Burlington Partnership is proud to honor the late assistant principal of Burlington High School, D.G. Weaver, by giving this annual award to a person associated with the Burlington schools who is a positive role model and who goes “above and beyond” to support healthy opportunities/activities for our youth.
